patents

Through persistence and accumulation, we have the proprietary knowledge of total solutions in eight segments, including Municipal Solid Waste (MSW), organic waste, decoration waste, construction waste, recyclables, bulky waste, industrial waste and landfill waste.

In 2018, JONO won the bid for the Singapore MBT waste treatment project, which means JONO has successfully entered the world's leading echelon of this technology.

# BUSINESS SCOPE

## 6 Key Technologies

- Artificial Intelligence (AI) Sorting
- Mechanical Shredding
- Mechanical Sorting
- Biological Treatment
- Conveying & Storage
- Mobile Solution

## 8 Solutions

- Construction Waste
- Demolition Waste
- Organic Waste
- Recyclables
- Bulky Waste
- Industrial Waste
- Landfill Waste
- MSW
